Project Development Phase
# Sprint-2
Test case

Date	23 October 2022
Team ID	PNT2022TMID27777
Project Name	Visualizing and Predicting Heart Diseases with an Interactive Dash Board

Dashboard:

A dashboard is a way of displaying various types of visual data in one place. Usually, a dashboard is intended to convey different, but related information in an easy-to-digest form. And oftentimes, this includes things like key performance indicators (KPI)s or otherimportant business metrics that stakeholders need to see and understand at a glance.
